

Erin Dwyer is a Junior at Sequim High School and is Washington FBLA 2018-2019 Puget Sound Region Vice President. She has been a dedicated member of FBLA for the past two years, competing in events such as Public Speaking, Impromptu Speaking, Graphic Design, and Mobile Application Design. As a Freshman, Erin was able to compete at the national level in Mobile Application Design, and as a Sophomore she competed at the state level in four different events. She also had the opportunity to serve as her chapter Treasurer as a Freshman; and as a Sophomore, she was elected as her chapter President. When talking about Erin's future plans, she has a good idea of where she is heading. She plans on attending either Columbia University or Georgetown University to get her Juris Doctor degree in family law. In fact, ever since she was a little girl she knew that her career goal was to be practicing family law, and specifically focus on divorce and child custody. But as an FBLA state officer she can't wait to gain valuable experience serving as your Puget Sound Region Vice President. She encourages you to contact her or talk to her during the conferences. She is excited to meet new people, share new experiences, and help other members down their path as an Future Business Leader of America. She can't wait to make this a great year, and don't forget to fly higher with Dwyer.
