

Ashley Lin is a junior at Union High School in Vancouver, WA, and is currently serving as your State President. Now in her fourth year of FBLA, Ashley cannot imagine being who she is today without this organization, and she treasures every moment that is to come. In addition to serving her third term as a state officer of Washington FBLA, Ashley also represents the state organization on a national level as Executive Director of Programs on the National President's Region Council and as a National FBLA Social Media Ambassador.

Outside of FBLA, Ashley is passionate about business, technology, civic power, and the many intersections among them. Having caught the entrepreneurship bug early on, Ashley seeks to tackle today's critical issues through cross-cultural collaboration and social enterprise. Experiences such as serving as a 2018 U.S. Youth Ambassador to Uruguay has inspired Ashley to serve as the Founder & CEO of Project Exchange, a youth-led, 501(c)(3) nonprofit increasing access to cross-cultural learning experiences for high school & college students through digital technology solutions!

Ashley is humbled and inspired by the chance to serve you all this year, and she looks forward to empowering members and co-creating initiatives driven by your ideas. As the state officer team works together to enhance the opportunities WA FBLA has to offer, Ashley wants to hear from you—so please don't hesitate to reach out!
