

Hello, WA FBLA! Ashley Lin is a sophomore at Union High School, and is currently serving as your State Parliamentarian. Going into her third year in FBLA, Ashley cannot imagine being who she is today without this organization to guide her, and she will treasure every moment that is to come. In addition to serving her second term as an officer for Washington FBLA, Ashley also represents the state organization on a national level as Communications Director for the Western Region Council.

Outside of FBLA, Ashley is passionate about business, community identity, social change, and the many intersections among them. Having caught the entrepreneurship bug early on, Ashley hopes to tackle today's critical issues through the power of social ventures. Today, Ashley is the Founder & CEO of a startup called SummerApp: a website platform connecting small businesses with local high school students, simplifying the internship application process while guaranteeing an intern to business fit.

Ashley is humbled and inspired by the chance to serve as a state officer this year, and she looks forward to empowering members to create, lead, and inspire. Achieving the America level of the BAAs, the Achievement level of the CSAs, and serving on the Student Leadership Corp for FBLA's National Service Partner, March of Dimes, has taught Ashley your FBLA experience is what you put into it.

As the team works together to strengthen the opportunities FBLA has to offer, Ashley wants to hear from **you** - so feel free to reach out!
