

Christina Masnyy is a theater-loving senior at Fife High School and is currently serving as your WA FBLA State President. When she is not at the gym or playing piano, Christina dedicates her time to FBLA. Throughout her four years of membership, she has received her CSA Award, BAA Leader Level, placed 1st nationally in Introduction to Business Presentation, and most recently, served as an FBLA National Judge Recruitment Intern. After high school, Christina plans to get a business degree at the UW Foster Business School in Seattle. FBLA has provided Christina with amazing opportunities to meet new members from across the state and nation, strengthen her speaking and leadership skills, as well as build connections with people in the business world. This year, Christina is excited to dedicate her time to an organization that has taught her how to be a future business leader.
