

Emily Ney is a junior at Mount Vernon High School and is eager to serve as your 2020-2021 Northwest Region Vice President. Envisioning joining FBLA since she witnessed a regional conference in elementary school, Emily has been a member of her local chapter since freshman year and has served as a chapter officer. Being a regional champion numerous times, placing top ten at SBLC in multiple events, and participating at nationals has cultivated a love for presenting in Emily.

Apart from FBLA, Emily likes to dive headfirst into many other activities such as volleyball, running, Speech and Debate, DECA, FIRST Robotics, Science and Earth Club, National Honors Society, KEY Club, Link, Senate, and ASB. Outside of school, Emily is involved in Youth Group, community service, and nurtures people's love for caffeine as a barista at Starbucks. As her Canva account will attest to, Emily loves designing both digitally and by hand. One of Emily's true passions is track and field and that feeling of flying in pole vault and high jump. On the ground, however, Emily loves both dancing and advocating for the environment.

In the future, Emily hopes to attend a four-year college, earn a degree in the STEAM field, and find a passion for a field that is ever evolving and moving at the speed of light.

Actively anticipating the upcoming year, Emily can't wait to see how FBLA will evolve and all the amazing people she will meet.
