

Steven Johnson is currently a senior at Cheney High School and is honored to be serving as your Northeast Region Vice President. He has been a member of FBLA for six years and is excited to be a part of such a great organization. While doing FBLA, he has placed in multiple events at the state level including spreadsheet applications, banking and finance, and computer applications. He currently has achieved the Business level of the Business Achievement Awards and is currently working towards achieving the Leader level. Since joining FBLA, Steven has found a passion for business and finance, and hopes to continue with these after high school.

Though he has not decided on which college to attend, he is confident that whatever school he chooses will be the right one for him. In his spare time, Steven likes to go mountain biking at local bike parks and road bike through the Spokane area. He loves to go on long drives through country roads, and occasionally tune and fix bikes. Through being a member in FBLA, he has found many opportunities that he would have never known, such as networking with other members and attending FBLA conferences. Through doing FBLA, he has learned some of the many skills it takes to become a successful leader, and how to implement those skills into everyday activities.
