Good afternoon, Advisers!

NLC TRAVEL PACKAGE

The NLC package is **SIX** nights. Registration forms in Blue Panda are open and close on Wednesday, May 4 at 5 p.m.

WA FBLA COMPETITOR ROSTER FOR NLC 2022

Attached you will find the updated WA FBLA Competitor Roster for NLC 2022.

CHAPTER PROJECTS

If you have a chapter attending for a chapter project (American Enterprise, Partnership with Business, Community Service, and Local Chapter Annual Report), please send Mike the names of who is representing for that via email by TODAY.

NLC BLUE PANDA REGISTRATION (TRAVEL FORMS)

We have extended the Blue Panda (NLC travel package registration) deadline by 2 days. Your travel forms AND your competition uploads to Blue Panda are due by 5 p.m. on Wednesday, May 4, instead of Monday, May 2.

All registration and competitive event uploads will be through Blue Panda this year. Please only use the forms in Blue Panda—do not go directly to the national site. WA FBLA staff reviews all entries before they are submitted, and we submit them for you. Please Note: All submissions must be completed by **5 p.m. on Wednesday, May 4.**

NLC INFORMATION PAGE

Nationals updates their NLC information on their site at <https://fbla-nlc.org/>. Please remember that advisers do NOT register members, chaperones, guests, or themselves for NLC on this site! This is only an information page for all WA FBLA attendees!

NLC OPEN EVENTS

Open Events are a series of objective tests that anyone registered for the NLC can take part in. No pre-qualification is required. FBLA offers six open events each year, and FBLA-Middle Level offers four open events each year. The tests offered change from year to year. At NLC, each member can take one open event test. They are scheduled for July 1, and there is a link to this year's tests in the Timeline section at the bottom of their information page.

HS events:

- Computer Operating Systems 9:30 to 11
- HTML/CSS 9:30 to 11
- Java Programming 9:30 to 11
- Nonprofit Management 11 to 12:30
- Retail Management 11 to 12:30
- Python Programming 11 to 12:30

Today only happens once . . . make it amazing!
