EXPLORING CAREER OPPORTUNITIES IN THE DYNAMIC WORLD OF GAMING

SAVE THE DATE

State Business Leadership Conference

April 23, 2025

▶▶▶▶ More information coming soon!

- ▶▶▶▶ Washington FBLA is excited to introduce a new program exploring career opportunities in the dynamic world of gaming and its related industries. This initiative will provide students with insights into the diverse career paths within gaming technology, production, business management, and content creation—beyond just competitive play.

By highlighting roles across the gaming ecosystem, we aim to prepare students for innovative careers in a rapidly growing field while equipping educators and parents with valuable resources to support students' interests and aspirations.
